

NoteSecure

NoteSecure is a wall bracket for added safety for all mobile cabinets in the NoteCart series.

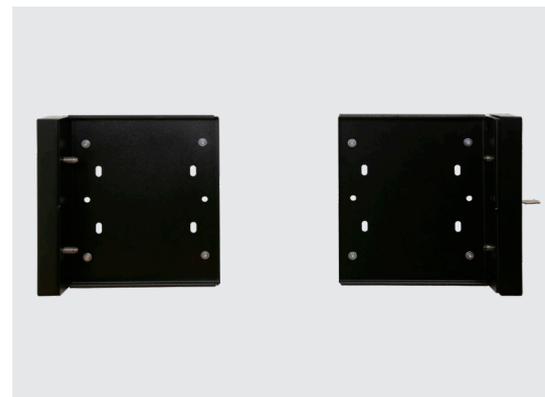

NoteSecure is a bracket to be mounted on the wall. The bracket is designed for mounting on the wall in the room where you want to secure your NoteCart.

NoteSecure is easy to use and requires minimal space.

When NoteSecure is mounted on the wall, all of our NoteCarts can be docked with the front door against the wall and are securely fastened - nobody can open the door with a crowbar or similar. It is also an option to have the back fixed against the wall if you wish.

All NoteCarts can be fixed in NoteSecure.
